

Frontline Resource Institute

# International Organization Eligibility and Application Instructions

## Eligibility

**FRI will consider applications from international organizations. To apply, you must be:**

- A non-governmental organization (NGO)
- An environmental justice, climate justice, or frontline-serving organization. We urge any organization to apply that engages in work to ensure that communities can advocate for their fundamental rights to safe, healthy, and sustainable environments. Organizations should be led by and/or guided by the communities they serve.
- **For Track 1 only:** able to provide documentation of grants management at or above \$50,000 USD.

**If selected, international organizations will be requested to complete an international pre-grant inquiry form. This information is not needed for your application through JustFund.**

# Application Instructions

JustFund's application has a few U.S.-focused questions. However, we have worked together to identify the places where international organizations may have difficulty. Guidance on how to address these is listed below:

- You will be required in various places to select State/Territory from a dropdown list of U.S. based states/territories. Please select Minnesota here.
- You will also be required to enter a 5-digit zip code in various places. Please enter 55555 here.
- For tax status, please select Other.
  - **Please note in the "other" field that you are an International Organization and list which country you are based in.**

If you have any questions or issues, please contact [info@justfund.us](mailto:info@justfund.us) for further guidance.
